

ST. NICHOLAS 75TH ANNIVERSARY

1943 -2018

This year, St. Nicholas Albanian Orthodox Church celebrates its 75th Anniversary. It is a time of remembrance and pride for us as we reflect on how the Church has served our community, from its first location in Manhattan and, since 1970, from its longstanding and settled home in Jamaica Estates. During this year, we look forward to celebrating with several events as we document our past, rejoice in this present, and make plans for a long future of continued prayer and service.

Saturday, May 19, at 11am

Archbishop Nikon of Boston, Bishop of the Albanian Orthodox Archdiocese, will make a special visit to St. Nicholas Church. On this occasion, as we begin to celebrate our seventy-fifth year, we will bless the Project of Beautification that began last year. On Saturday, May 19, at 11am in the morning, the archbishop will bless this place, bless the past and the future it represents, and bless us all to continue to work together in beauty, prayer, and love for many, many more years! Për shumë vjet!

All are invited to be present for the festivities on this day: brief prayers at eleven and a reception in the parish hall thereafter. We hope our neighbors of every faith and creed will bless us with their presence and join in this celebration!
